

LIFT ELIGIBILITY PROCESS INSTRUCTIONS

Step 1: WHO MAY BE ELIGIBLE FOR LIFT SERVICE?

The TriMet LIFT service provides paratransit transportation to persons who are certified as eligible under the standards of the Americans with Disabilities Act (ADA). The ADA is a federal law that requires paratransit transportation be provided for persons when their disability in combination with their functional abilities prevents them from using regular public transportation.

Please read the enclosed brochure entitled *LIFT Eligibility and the Americans with Disabilities Act* and the information about TriMet's services including bus and MAX before completing your application.

Requirements for LIFT Eligibility

The ADA includes two requirements for LIFT eligibility:

1. you must have a disabling health condition, **and**
2. your disabling health condition must prevent you from using regular bus and/or MAX services on your own, either some or all of the time.

The basis for the eligibility decision is your ability to use TriMet's regular bus and/or MAX services and the most limiting conditions presented by your disability and the environment.

LIFT eligibility is **not** based on:

- age alone
- a disability or medical diagnosis by itself
- a lack of TriMet bus or MAX service in an area
- an inability to drive
- personal finances

LIFT eligibility may be granted upon the following basis:

- Unconditional (the person may use LIFT service for all trips)
- Conditional (the person may use LIFT service under some conditions for some trips)
- Temporary (the person may have conditional/unconditional eligibility for a defined period of time because limitations are expected to change)

Step 2: HOW IS YOUR ELIGIBILITY DETERMINED?

The TriMet LIFT eligibility determination process includes:

1. Submission of a completed application and signed Medical Release Form,
2. Professional verification of disability and abilities,
3. An in-person interview with a TriMet LIFT Eligibility Coordinator, and
4. A functional and/or cognitive assessment as needed.

Interview

At the interview, the Eligibility Coordinator will review the application with you and discuss your travel abilities and limitations in more detail. This information will help the Eligibility Coordinator to identify the best mobility option based on your functional abilities.

The interview will take up to 30 minutes. At the end of the interview, the Eligibility Coordinator will determine if a functional ability assessment is required.

If you will require a non-English language interpreter at the interview, please indicate your language on the application form. A third-party interpreter will be provided at no cost to you.

Functional Ability Assessment

You may be asked to complete an assessment of your functional abilities immediately following the interview. The assessment is designed to help determine whether you have the ability to use fixed-route services and if so, under what circumstances.

The functional assessment will be conducted by an independent Mobility Assessor and consist of demonstrating your abilities on a simulated course that includes slopes, inclines, negotiating a curb and curb cut and crossing the street. Skills evaluated also include balance, strength, coordination and range of motion.

The assessment may also include a walk outside in the neighborhood and/or a short trip on bus and/or MAX. Please dress appropriately for the weather.

The Functional Assessment of Cognitive Transit Skills (FACTS) may be administered to applicants with cognitive disabilities. This assessment tool uses a set of photos of a simulated bus trip to assess a person's transit skills including bus travel, community safety and general orientation.

Personal Care Assistance

If you require personal assistance in any daily life functions including using the bathroom, you will need to have someone accompany you to the evaluation to provide this assistance.

TriMet staff is not trained and is unable to assist you with personal care issues.

Depending on the time of day for your appointment, you may also want to bring a light snack with you and any required medications.

Mobility Equipment

Please bring the mobility equipment you will use on LIFT and/or in your daily mobility (i.e. mobility device, walker, cane, etc.).

Transportation to the Evaluation

LIFT eligibility evaluations take place at the TriMet Transit Mobility Center (TMC) at 710 NE Holladay St, Portland, OR 97232. The TMC is located on the South East corner of 7th & Holladay on the MAX Green, Blue, Red Lines and the Portland Street Car. LIFT will provide transportation for your trips to and from the evaluation at no charge to you if necessary. This location is also served by several bus routes and there is parking available at your cost.

STEP 3: HOW WILL I KNOW IF I AM ELIGIBLE?

Notice of Eligibility Determination

You will be notified of the eligibility determination by letter within 21 days after completion of the evaluation process. If you are eligible, you will also receive a *LIFT Rider's Guide* with information about how to use the service.

Appeals Process

If you have any questions about your eligibility determination, you may contact your LIFT Eligibility Coordinator as indicated in the letter to review his or her decision.

Applicants who are determined not eligible or who do not agree with the conditions established for their use of the LIFT service may request an appeal which must be filed within 65 days from the date of the initial eligibility determination. Information on how to request an appeal will be included with the eligibility determination letter.
